## Horo New Finishing Dimore Collection

Design by: Pierre Gonalons

Year: 2021

New special finishing for Horo lighting collection of suspensions, floor lamps, wall lamps and tables, presented in 2020 with great success due to its refinement and scenographic appeal.

The two coupled glass discs framed in an elegant minimal metal *cage* with a brushed brass finish are now also offered in a particular marbled effect artistic glass.

The treatment for the new finish involves applying a prism-effect holographic paint to the glass circles: the micro-crystal particles that make it up create iridescent effects, which change according to the viewing angle.

The lower diffuser (the eye) is made of opaque milk white glass.

This 2021 variant adds a greater decorative advantage to the Horo lighting family, which makes it an element with an extremely characterized design both on and off.

Frame colour: Brushed brass finishing metal

Glass colours: transparent, Amber, Emerald green, Grey

Dimensions and light source:

Horo suspension S1

H 34 cm x Ø 30 cm x SP 8 cm

LED x 14.4 W CRI>95 not dimmable
