DW_Dynamic White

In the Maria Teresa model with patented Dynamic White LED lighting system, light temperature can be customised to recreate the natural cycle of the sun, following the rhythm of the circadian cycle. The white light can be adjusted to a temperature between 2700K and 6500K. The LED technology thus makes it possible to provide the comfort and wellness needed by the human body.

RW _ RGB-W

Programs

Designing means choosing and choosing your lighting means acting out your emotions. Masiero products are at the service of designers to help them translate ideas into illuminated spaces. The existence of customised modular elements allows creation of unique solutions to construct lighting systems according to the space available, transforming it from constraint into opportunity.

Raqam

Raqam is a contemporary chandelier with LED lighting available in customisable modular combinations. It can be used on all types of surface, with no size limits. Combinations of modules can be used to create vertical suspensions, chandeliers and wall and ceiling decorations for both residential and contract use.

Galassia

Galassia represents a new era of modular ceiling lighting systems. The modules can be combined to decorate any surface, creating open or closed shapes with showers of hanging pendants.

DESIGN BY
MASIERO LAB

CEILING

GALASSIA T2 SNG

Galassia Ceiling Modules

Galassia is a modular LED ceiling system with remote driver, consisting of a combination of angular, arched or straight metal modules with chains of hanging pendants that allow the height to be adjusted. There are seven arched modules, two straight modules and a corner module that can be

combined into an infinite number of solutions to create the desired lighting path to decorate surfaces of any shape.

Compositions with open or closed lines can be created.

HOW TO ARRANGE THE MODULES

The modules can create open or closed lines. In this case, they must be positioned in such a way as to ensure junction points.

HEIGHT

H Min 25 cm / 9.84"
Max 100 cm / 7.87"

You can customise the height of the product by choosing the length of the pendants chains.
